**INTERIM RESULTS ANNOUNCEMENT
FOR THE SIX MONTHS ENDED 30 SEPTEMBER 2015**

**CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET (THE “GEM”) OF THE
STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)**

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this announcement, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this announcement.

--	--------------------	--------------------	--------------------	--------------------

The calculation of basic loss per share for the three months and six months ended 30 September 2015 were based on the loss attributable to owners of the Company of approximately of HK\$20,125,000 and loss of HK\$6,132,000 (2014: losses of HK\$3,892,000 and HK\$5,866,000) respectively divided by 644,479,214 shares and 606,339,034 shares of the three months and six months ended 30 September 2015 (2014: weighted average number of 541,611,928 shares, as restated) in issue during the period. During the three months and six months ended 30 September 2015 and 2014, the conversion of all potential ordinary shares outstanding would have an anti-dilutive effect on the loss per share. Hence, there was no dilutive effect on calculation of the diluted loss per share for the three and six months ended 30 September 2015 and 2014.

The fair value calculated is relied upon a number of assumptions that are subjective and uncertain in nature. Any variation of these assumptions could affect the values of the options. The inputs into the model are as follows:

Grant date	The closing price of the Company's shares quoted on the Stock Exchange At grant date <i>HK\$ per share</i>	Exercise price <i>HK\$ per share</i>	Risk-free interest rate	Expected volatility	Expected life	Expected dividend yield
4 September 2015	0.046*	0.05*	1.5%	100%	10 years	Nil

* As the consolidation of 2 shares into 1 by the Company, the share price and exercise price was revised from HK\$0.05 and HK\$0.046 to HK\$0.1 and HK\$0.092 respectively on 9 September 2015.

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW

Revenue for the six months ended 30 September 2015 amount to approximately HK\$12.7 million representing a decrease of approximately 9% as compared to that of the corresponding period in 2014.

The Company was facing the fierce competition of thermal powered electricity supply market in PRC in 2015 and management expects this phenomenon will continue in the foreseeable future. This was explained by the PRC government was promoting the use of renewable and/or clean energy with direct subsidies and have implemented the benchmark for reduction of omission of carbon dioxide in various cities in PRC. Therefore, system development recorded a decrease in revenue compared with the corresponding period in 2014. On the other hand, sales of professional services to data centers has grown due to the age of “big data” and the effort of management to strengthen the relationship with existing customers. Printing services maintained stable revenue since the acquisition.

During the period, the Company has incurred a significant amount of administrative expenses. The major components of it were: i) legal and professional fees related to resumption of trading, corporate actions as described in the “LIQUIDITY, FINANCIAL RESOURCES AND CAPITAL STRUCTURE” section below, acquisition activities and costs of obtaining financing resources ii) share based payment related to granting of share option scheme and iii) wages and salaries and iv) general overheads. The Management expects the administrative expenses will return to a normal level for the rest of the period.

In relation to the Group's proprietary trading business, favored by the governmental policies such as access to Chinese domestic markets and savings being liberalized through breakthroughs as the "Shanghai-Hong Kong Stock Connect" and low interest rate environment, the Hang Seng Index have touched the highest point in the last three years on first quarter. However, the market was very volatile in the second quarter due to the fiscal and debt issues of Greece and the Chinese stock market crash. This led to the Group suffering losses on change in fair value of its financial assets at fair value through profit or loss. The Company believes a lot of individual and institutional investors are adopting a prudent attitude towards the capital market. However, the Company believes that the markets will be stabilized from the turmoil in the second quarter since the PRC government has implemented several policies in order to maintain the stability of the PRC stock market and there is a high chance of implementation of "Shenzhen-Hong Kong Stock Connect" in the end of year 2015. The Company maintains a risk management policy in which key risk factors such as government and political risks, country risk, price risk, interest rate risk, currency risk and economic risk have been identified and closely monitored.

FINANCIAL PERFORMANCE

During the six months ended 30 September 2015, the Group recorded a revenue of approximately HK\$12.7 million (2014: HK\$14 million) representing a decrease of approximately 9% as compared to that of the corresponding period in 2014. The Group recovered impairment losses recognised in the past amounted to approximately HK\$25 million which is included in other gains, losses and expenses. Administrative expenses increased to approximately HK\$12.5 million as compared to approximately HK\$3.6 million of the previous corresponding period, representing an increase of approximately 248% as compared to that of the corresponding period in 2014. Loss attributable to the shareholders was approximately HK\$6.1 million (2014: loss of HK\$5.9 million).

OTHER MATTERS

1. Wanquan – Wang Yu Sha (王雨莎)

On 9 September 2013, a deed of settlement was entered into between the Company and the trustee 王雨莎 (“Wang Yu Sha”) of the 20% equity interests in Shanghai Wanquan Insurance Brokers Limited (“Wanquan” or “上海萬全保險經紀有限公司”) (currently known as 上海君翊保險經紀有限公司 or Shanghai Junyi Insurance Brokers Limited) which was acquired by the Group in March 2011, in which such equity interests were transferred to an independent third party on 14 August 2012 without the consent and approval of the Company. Pursuant to the said deed of settlement, the said trustee agreed to pay a settlement fee in the sum of HK\$30 million to the Company in four equal instalments in cash on a quarterly basis from on or before 9 December 2013 onwards. Please refer to the announcement of the Company dated 9 September 2013 for further details of the deed of settlement. The trustee has already paid HK\$3 million out of the first instalment of HK\$7.5 million due on 9 December 2013. The Company has demanded the trustee to pay up the outstanding overdue sum and to put up collateral for the balance of the settlement sum.

In view of the fact that only HK\$3 million out of the HK\$30 million settlement fee has been paid, and the remaining has become overdue, the Directors have serious concerns over the recoverability of the settlement fees. The investment in Wanquan had been impaired in full for the year ended 31 March 2013.

On 3 February 2015, a judgment of High Court Action No.1398/2014 was issued, pursuant to which the trustee is obliged to pay the outstanding settlement fee of HK\$19,500,000 (representing the outstanding balance of the first three instalments) together with interests thereon.

The Company has commenced legal proceedings in the High Court of Hong Kong against the trustee to recover the outstanding amount. Judgment for a sum of HK\$19.5 million (being the outstanding balance of the first three instalments) has been obtained against the trustee. The overall strategy of the Company is to take all reasonable and economical measures to recover the judgment debt and the remaining balance of the settlement fees in full. The Company has conducted some investigation on whether the trustee has any assets in Hong Kong and the PRC for purpose of enforcement of the judgment. However, up to date, the Company could not find any assets held by the trustee in Hong Kong and the PRC. The Company will update shareholders if there are any further significant developments.

2. On 16 February 2015, the Company entered into a deed of settlement with the purchaser of 上海景福保險經紀有限公司, under which the outstanding disposal receivable is revised from RMB15,000,000 to HK\$17,700,000 which is payable by the purchaser by seven instalments, being HK\$1,000,000, HK\$500,000, HK\$500,000, HK\$1,000,000, HK\$4,700,000, HK\$5,000,000 and HK\$5,000,000, on which fall due on 18 February 2015, 27 February 2015, 30 April 2015, 30 June 2015, 30 September 2015, 31 December 2015 and 31 March 2016 respectively. As at the date of this announcement, the Company has received HK\$5,800,000 and there are HK\$1,900,000 overdue balances according to the deed of settlement. The Company will continue to take aggressive actions, and such actions will include further written demands and dialogues with the purchaser to recover the amount due and owing and possible legal actions.
